BOURBON PASSES ALLOTTED AMOUNT

LOCAL RED CROSS WORKERS HAVE RAISED MORE THAN THE \$15,000 CALLED FOR FROM BOURBON COUNTY.

9:30 p. m.—Committee announced \$16,000 raised. Court House and fire bells ring, whistles shriek.

The generous responses made to the Red Cross appeals for contributions by the people of Paris and Bourbon county during the "National Red Cross Week," demonstrates one fact—that they are ever ready to heed the call of suffering and distress; and to be ready with their funds for just such a call as that voiced by the Red Cross. In that week they were called upon to raise the sum of \$15,000 for Red Cross purposes, and they set to work with a vengeance and right hearty good will that no doubt must have astonished even the most sanguine.

They were called upon to assist in one of the most gigantic philanthropic undertakings in the history of the world—to raise their apportionment of the immense sum of \$100,000,000 for the National Red Cross, and in the language of the Bowery—"They done it."

They used every honorable endeavor, and met with not a single refusal so far as known.

By mass-meeting methods, by personal solicitation by the members of the Red Cross Chapter, by handsome young women, by committees appointed by the Red Cross organization, and by other equally effective methods, the contributions rolled in until Bourbon county stands tonight with the debit side cleared and the balance carried to the credit side of the Red Cross ledger.

One of the methods employed was a feature of Saturday afternoon. A large American flag, carried by four pretty young members of the local Red Cross Chapter, preceded by a detachment of the National Guard stationed here, and two buglers, paraded the streets of Paris, soliciting contributions for the fund in sums of five cents to any amount the contributor might wish to donate.

They secured quite a large sum this way, which was promptly turned into the fund. They missed no one, and no one refused to contribute.

All day long yesterday bands of unselfish women spent the day in the headquarters of the Red Cross in the Kriener building, and at the sewing room at the corner of Main and Third streets, in making supplies of different kinds for Red Cross work.

Fifteen thousand dollars seems like a large sum, but when it is realized that it goes to make up part of a still greater sum to relieve the sufferings of more men, women and children than ever before in the history of any war; when you think that about one hundred millions is about the sum expended every day by the nations at war; when we realize that \$250,000,000 was expended in Belgium relief alone, it is easy to see that \$15,000 seems a pitiful sum. But it will do its bit, just the same, and grateful hearts will acknowledge it.

The money which has been collected from the public will be carefully accounted for and statements will be made to Congress covering all expenditures. The needs of the Red Cross are world-wide, and the need of the fund will be brought to our own doors, when some of "our boys" come back from the front, maimed, sick, suffering, in need of help of a material kind. And, there, as always, will be found the angels of mercy, the Red Cross nurses, those sweet-faced, ministering ones whose labors have been made possible by your contributions. That will be the real work of the Red Cross.

At the hour of closing our report the amount totaled \$15,400 and it was estimated it would reach \$16,000. It was impossible to get a complete list of the contributions to the fund. Those who have contributed to the cause and whose names do not appear in this report will be published in the next issue of THE BOURBON NEWS. The work of the committees went far into the night and exact figures could not be obtained, but it will more than cover the allotted \$15,000 asked for. Little Rock's donations amounted to \$513.25 and Millersburg contributed the handsome sum of \$2,000.

AUTO ACCIDENT.

Mr. George Wilder Struck and Painfully Injured by Automobile Yesterday.

Mr. George W. Wilder, yardman of the Louisville & Nashville, in this city, and a prominent business man, sustained painful injuries about the face and arms about noon yesterday, when he was struck by an automobile driven by Mr. Granville Denton, of the Hotel Fordham.

Mr. Wilder was en route to his home on Cypress street, and Mr. Denton was just turning into Fifteenth street at Main, when Mr. Wilder, evidently not hearing the honk of the horn, got directly in the path of the machine. He was knocked down, the machine passing over him. His face was cut and he sustained severe bruises on the arms, but was otherwise uninjured. He was removed to his home, where his injuries received medical attention.

Mr. Denton stated that he did everything in his power to warn Mr. Wilder, but to no avail. He sounded his horn several times, but Mr. Wilder either did not hear it, or, hearing it, thought he could get across the street before the machine reached him. The fender of the machine was bent by the force of the collision.

MAY HAVE A NEW DAM ON OLD DAM SITE.

There is a probability of the different interests using the water in Stoner Creek getting together at last on the matter of replacing the present dam across Stoner at the Paris Milling Co.'s plant with a concrete structure of the most approved pattern.

It was stated Saturday by a representative of the Milling Company that engineers had inspected the location, and the condition of the old dam, and that plans would be made soon for a new structure, to be erected at low water some time in the fall. Extensive repairs are contemplated on the old wooden dam as soon as the stage of water will permit. The new dam may not be placed in the same location as the present one, but will not be very far away.

Fishermen have expressed some disapprobation of the bathing privileges being granted to youngsters at the dam, but Mr. Renick, heading the call of his own youth, refuses to interfere with the boys' and girls' pleasures, telling the kickers there's plenty of fish and water in other parts of the creek. To all of which we humbly subscribe.

(Continued on Page 4.)

SPECIAL WEEK FOR RECRUITING

JUNE 23 TO 30 SET ASIDE BY PRESIDENT IN PROCLAMATION AS A SPECIAL TIME FOR RECRUITING REGULAR ARMY.

President Wilson has issued a proclamation designating the week of June 23-30 as recruiting week for the regular army and has called upon unmarried men without dependents to enroll for war service in order that the ranks of the regulars might be filled promptly.

The proclamation follows:

"I hereby designate the period of June 21 to June 30 next, as recruiting week for the regular army and call upon unmarried men between the ages of 18 and 40 years, who have no dependents and who are not engaged in pursuits vitally necessary to the prosecution of the war, to present themselves for enlistment during the week herein designated to the number of 70,000."

"WOODROW WILSON."

The President's action was taken at the request of army officials, who have been concerned seriously over the slow rate of recruiting for the regular army despite the fact that the War Department's recruiting agencies cover every section of the country and that men are asked to serve only for the period of the war.

It had been hoped that the regular service could be brought to its whole war strength of approximately 300,000 men by June 30, which would have permitted the War Department to carry out its plans in regard to the training of all the forces to be raised, and also as to the dispatch of armies to France. For several days, however, the average enrollment for the army per day has been little more than 1,000 men instead of 5,000 or more the department hoped to secure.

"RETAIL CLOTHIERS' MEETING."

The fourth annual meeting of the Kentucky Retail Clothiers' Association will be held in Lexington today and to-morrow. The following from Paris, will attend the meeting: Mr. and Mrs. Isaac L. Price and daughter, Mrs. Carroll Teller, of Chicago. Mr. Withers Davis and Mr. Wm. R. Blakemore. Mr. Price is a member of the Executive Committee of the Association.

WHAT? AGAIN?

Another Suit Filed Against Defunct Geo. Alexander Bank By Louisville Institution.

A suit that my be characterized as another echo from the defunct George Alexander State Bank of Paris, has been filed in the office of Circuit Clerk W. H. Webb, in this city, by the American-Southern National Bank of Louisville against the Board of Directors of the bank, Messrs. J. W. Bacon, John M. Brennen, Harry B. Clay, E. P. Claybrook, R. B. Hutchcraft, and Wallace W. Mitchell, for the sum of \$25,573.64, with interest from January 15, 1915.

The plaintiff avers that, with the knowledge and consent of the directors, Mr. Alexander, cashier of the bank, borrowed from them on one occasion \$15,000 and later \$18,000, giving two notes and depositing with them various promissory notes as collateral to secure the payment.

A suit brought against the American-Southern Bank by the State Banking Commissioner resulted in a judgment being rendered in favor of the Banking Commissioner for the entire amount borrowed, less \$10,000, which was the highest amount the Alexander Bank could borrow, according to its charter. Claiming that the Board of Directors knew of this provision in the bank's charter, and were cognizant of the illegal indebtedness made by Mr. Alexander, the American-Southern pleads for a judgment against the Board of Directors for the sum of \$25,573.64.

"MELONS DIRECT FROM THE PATCH."

Watermelons and cantaloupes direct from the patch. They are fresh sweet and generally better than usual.

(1) C. P. COOK & CO.

URGES SOLEMN CELEBRATION OF INDEPENDENCE DAY.

A plea that Independence Day be observed this year with a solemnity reflecting sober determination "of a democracy at war for its ideals and its existence" was made in a statement issued recently by the Public Information Committee, at Washington.

"Noises and useless illuminations and unthinking celebrations have no proper place in times such as these," said the statement. "Let there be a return to those ceremonies and addresses which prevailed in other days."

"BOURBON CIRCUIT COURT."

Chief of Police Woodson McCord, of Winchester, was in Paris, Friday morning, where he testified in the Circuit Court in the case of Walter Johnson, colored, who had been indicted in the Court on the charge of breaking into the house of Ed. Washington, a tenant on the farm of Judge H. C. Smith, near North Middletown, and stealing a suit of clothes. Johnson was given two years in the penitentiary by the jury hearing the case. During his stay here Chief McCord was the guest of the Paris police department.

In court last week the following convictions were made and sentences given:

McKinley Washington, colored, the bearer of two historic names which did not help to save him, was given a sentence of two years in the Frankfort Reformatory on a charge of selling liquor in local opio territory, together with a charge of former conviction in the Court. This is the first case on record in Bourbon county where a man was given a penitentiary sentence on a charge of this character.

Walter Johnson, colored, house-breaking and robbery charge, indicted and convicted, two years in the Frankfort Reformatory.

John Whaley and Charles Mooney, both colored, robbery charges, indicted and convicted, were given six and five years, respectively, in the Frankfort Reformatory.

Less Holman, colored, chicken stealing, the colored man's weakness, indicted and convicted, and given five years in the Frankfort Reformatory.

William Deering, white, charged with a statutory offense against a young girl under twenty-one years of age, was the beneficiary of a disagreement among the members of the jury trying the case, which was continued to the November term of the Court.

LECTURE ON MORMANISM.

Mrs. Adelaide Snow, who spent several years in Idaho and Utah as a missionary, will deliver a lecture in the Y. M. C. A. gymnasium on next Thursday night, at eight o'clock, on the subject of "The Perils of Mormonism." Mrs. Snow is an accomplished speaker, and well qualified by her experiences to tell something of a sensational subject.

"UNCLE SAM'S GAME BOYS."

Ex-Navy Man Says Marines Greatest Fighting Force on Earth.

It happened at the restaurant of A'Hearn & Burton, at the corner of Pleasant and Tenth streets, late Friday night, and it was an event that caused considerable comment and admiration for the author of the bold speech.

The restaurant is a favorite gathering place for railroad men, who in their off hours, congregate there and relate their experiences. A group of these were sitting around one of the tables Friday night, smoking and talking, when in came a weather-beaten man, somewhat under the influence of the "demon rum." He looked uncertainly about the group and then took a seat near one of them. He had little to say until one of the railroad men, who had been in an argument as his preference for the navy or army service, choosing the latter, began to tell why.

The intoxicated man listened attentively, and then put in with: "Say, men, I've been a sailor on board one of the grandest dreadnaughts Uncle Sam ever owned. Uncle Sam's got the pluckiest fighting force on the face of this earth. We're not the biggest, you know, but for our size, we can outgame all the rest, and trim 'em up, too."

He was asked about the U. S. Marine Corps by the young flagman, who was all interest and enthusiasm when the old sailor started talking. The veteran swelled up with pride. "Well, sir, I've been a gunner's mate, and I've seen plenty of service. I'm no marine, but I takes off my hat to them boys (and he

Special rates for large advertisements and yearly contracts.

The right of publisher is reserved to decline any advertisement or other matter for publication.

Announcements for political offices must invariably be accompanied by the cash.

EDITORIAL MUSINGS.

Our National Hymn.

"It's too late to remedy it now," said a prominent Paris clubwoman the other day, "but as soon as the war is over let's get together somewhere and frame a National hymn that more of our people can sing, and sing right, than are now able to sing 'America' or 'The Star Spangled Banner.'

They are both beautiful when properly sung, but you can call upon any audience in Paris or in Bourbon county to-day to sing either or both, and not over fifty per cent. of them will know the words. They have changed both of them so many times since the original composers gave them to the world that you will have at least four versions known to the people making up most any audience. This is true not only in Paris, but all over the United States. There are many gospel hymns more widely known than either "America" or "The Star Spangled Banner," and the only reason we have been able to advance is that the latter two are about as hard to sing as anything outside of the grand opera selections.

Don't understand that there is in America to-day a man or woman whose bosom does not swell with patriotic pride at the sound of "America" or "The Star Spangled Banner." It does not matter whether we know the words—we love the air none the less. It makes no difference if you do not start off strong on "My country, 'tis of thee, sweet land of liberty, of thee I sing," and then find that you can't sing, but have to hum the remainder because you have forgotten the words—you love that song and could die fighting to its strains.

But, seriously, now that we have recognized more than ever before how necessary is a National anthem, something those of us long out of school can sing as well as the children in the school, it wouldn't be a bad idea at all to have one which everyone in the Nation will not only be familiar with, but be able to sing—and sing right.

Saving the Calves.

Numerous men throughout the country have appealed to the government to take some steps toward conserving the supply of calves, lambs and "spring" chickens. We believe it is a subject which should have the serious thought of Paris meat dealers and butchers and the farmers of the Bourbon county.

The hotel men of the country realize the demand for these meats, yet they know at the same time that unless the slaughter is stopped or at least reduced to a minimum, it is going to work havoc with the meat supply of America in a short while. While veal brings a fancy price, and the same is true of lambs and young chickens, it must be remembered that it is no more nutritious than it will be at maturity, and, of course, cannot be made to supply as many people. The price of your animals compared with the unusually high price of feed stuff offers a big inducement to the farmer to dispose of his stock to the butcher. But every farmer in Bourbon county, and every butcher and meat handler in Paris knows that the additional feed required to keep one animal to maturity will be made up in weight and prices which are not, from present indications, going to be any lower during the coming fall and winter months.

The hotel men are thinking the same thing the people of Bourbon county ought to be thinking of—the future. They see a serious meat famine ahead in this country unless calves, lambs and young stock of every description are conserved. It is to meet that condition that they ask the prompt attention of the government, and we believe a little study of the subject will convince our citizens that the hotel men are right, and that their suggestion is worth acting upon.

RULES GOVERNING REGISTRANTS LEAVING UNITED STATES

The War Department authorizes the following:

Provost Marshal General Crowder has issued a statement which will be of help to citizens who bear registration cards and have been temporarily called away from the country.

Persons who have registered and who desire to leave the United States should first obtain permission in writing from the War Department to do so. This permission may be obtained by sending the applicant's registration certificate to the office of the Provost Marshal General, Washington, D. C. The registration certificate should be accompanied by a statement signed by the applicant to the effect that he accepts the following terms:

He is liable to draft unless exempted, excluded, or discharged therefrom; while absent from the United States, the burden of keeping himself informed as to whether or not his name has been drawn rests wholly upon himself; if directed to do so, he will return to the United States at his own expense to appear before an exemption board or to submit to exemption for service.

He should also state what countries he desires to visit and to what address he wants the permit sent. These permits are not passports. They are intended to accompany applications for the passports which are issued by the Department of State.

NEWSPAPER MEN PROTEST AGAINST SPECIAL TAX.

Representative members of the American Newspaper Publishers' Association met in Washington, Friday, and unanimously adopted a statement declaring their willingness to pay any rate of taxes Congress finds it necessary to impose upon legitimate and necessary business, but protesting emphatically against the levy of any special, discriminating war tax against newspapers.

While the publishers were in session the Senate Finance Committee by a vote of eight to six wrote into its provision of the House War Tax Bill a section increasing second-class mail rates to 1 1/4 cents a pound and levying a tax of 5 per cent. upon publishers' net profits over \$4,000 a year. Half an hour later a committee from the newspapermen presented their protest to Chairman Simmons and went away without definite assurances but confident there will be a reconsideration.

The publishers' meeting was unusually largely attended and upon the necessity of prompt and vigorous protest against the special proposal, there was unhesitating agreement.

"CIVILIZATION" ATTACHED.

At the conclusion of the performance of the big scenic picture-play, "Civilization," at the Washington Theatre, in Maysville, last week, Mr. C. D. Coons, of Louisville, had an attachment issued attaching the box office receipts and the company's films.

Mr. Coons brought suit in the Maysville Police Court against the All-Star Film Company, owners of film, for \$100, "for services rendered." The papers in the case were served by Chief of Police James Mackey at the close of the performance. The company's part of the receipts and the films of the company were attached and are now being held subject to the orders of the Court. The case is set for trial on July 3, Judge Whitaker's regular civil court day.

"Civilization" played an engagement of one night in Paris sometime ago, and has been making all the towns in Central Kentucky on this circuit. It was one of the finest pictures ever seen here.

STATE RATING BOARD DECLINES NEW SCHEDULE.

The State Rating Board has notified the Kentucky Actuarial Bureau that it declines to accept the new schedule submitted by the bureau of this year for making rates for fire towns and localities where no specific rates had been published.

In declining to accept the new schedule the board contends that it is carrying out to the letter the provisions of the fire insurance law whereby all insurance rates in force are to remain for two years.

The Actuarial Bureau contends that the law relates to basic rates only and does not apply to special hazards. The Rating Board, however, takes an opposite view of the matter and will hold the Actuarial Bureau to its construction of the act.

SENATE FIXES TAX ON PUBLISHERS.

The Senate Finance Committee late Friday took what the members expect to be final action on publishers' taxes in the war revenue bill, adopting by a vote of 8 to 6 an increase of one and one-quarter of a cent a pound on second class postage rates, and an additional levy of 5 per cent. upon publishers' profits over \$4,000.

The government agricultural department is urging people to keep more chickens, but we don't see how the average man can without a raise in salary or a rupture of reputation.

Because there's two sides to a question seems to be an excuse for some Paris men always being on the wrong side.

ANNOUNCEMENTS

We are authorized to announce the good Democrats below as candidates at the Democratic primary on August 4, 1917, to fill the offices to which they aspire:

FOR STATE SENATOR

LEE WAINSCOTT,
Clark County.
GEORGE HON,
Clark County.
ABRAM RENICK,
Clark County.

FOR REPRESENTATIVE.

C. M. THOMAS

FOR SHERIFF.

WILL G. MCCLINTOCK,
Doe Marshall and Bob Gilkey as
deputies.
L. A. SOPER,
With D. E. Clarke and L. C. Ashcraft
as deputies.

FOR COUNTY JUDGE.

GEORGE BATTERTON
C. A. McMillan.

FOR COUNTY ATTORNEY

DAVID D. CLINE.
WM. GRANNAN.

COUNTY SUPERINTENDENT OF
SCHOOLS.
J. B. CAYWOOD.
MISS MABEL ROBBINS.

FOR JAILER
GEO. W. JUDY,
THOS. TAUL,
JOHN H. DOTY,
WALKER KISER,
C. T. MASTERSON,
W. O. BUTLER,
JOHN W. KING,
J. W. HART.

FOR ASSESSOR
WALTER CLARK,
at Paris, with Jno. J. Redmon, of North
Middletown, as deputy.
GEO. D. SPEAKES,
at Paris, with Lee R. Craven, of Little
Rock, at Deputy.

FOR MAYOR
W. O. HINTON
E. B. JANUARY

FOR POLICE JUDGE
CLAUDE F. REDMON,
J. W. BROWN,
P. A. THOMPSON,
HARRY L. MITCHELL
ERNEST MARTIN

FOR CHIEF OF POLICE.

JAMES H. MORELAND.
W. FRED LINK.

FOR COUNCILMAN.

FIRST WARD.

PARIS TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Paris resident. It's the same everywhere—in 3,800 towns in the U. S. Forty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honestly and truly? Home testimony must be true or it could not be published here. Then insist on having Doan's. You will know what you are getting:

Philip M. Heller, proprietor meat market, 722 Main street, Paris, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefitted by them. Sometimes my back has been weak and lame and the kidney secretions have passed too frequently, causing me to get up often at night. I have used a box of Doan's Kidney Pills at these times and they have always rid me of the complaint. I always think that they are a splendid medicine and gladly recommend them."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co. Props., Buffalo, N. Y. (adv)

CENTRAL KENTUCKY MILLERS URGE FOOD CONTROL.

That the milling business in Central Kentucky is at present in a serious condition, and that the wheat market in this State and its dependent industries will suffer immeasurably unless immediate action is taken in Washington in regard to pending food control legislation, were statements made at the annual meeting of the Central Kentucky Millers' Association in Lexington last week.

A telegram was sent to President Wilson informing him of the present state of affairs in Kentucky, and urging that something be done immediately regarding the Food Control Bill.

A resolution endorsing the Government program for food conservation and pledging co-operation was adopted. Nelson Woolcott, of Lexington, was elected president of the association; W. B. Glass, Wilmore, vice-president, and Frank Walker, Paris, secretary-treasurer.

WAR BULLETINS.

WASHINGTON, June 21.—Heads of the principal women's organizations of the country, meeting here with Herbert C. Hoover, promised their full support for the food administration. About 150 societies were represented.

Mr. Hoover said the success of the food administration plan depends largely on the co-operation of the country's housewives. Women, he declared, are as much a part of the National army as are the men fighting at the front.

LONDON, June 21.—Vice Admiral William S. Sims, U. S. N., has been appointed to take general charge of the operations of the allied naval forces in Irish waters.

Admiral Sims will act in this capacity while the British naval commander-in-chief is absent from his post for a period, the official announcement of his appointment explains. The American admiral's flag, meanwhile, has been hoisted as the allied senior officer in these waters.

NEVER NEGLECT A COLD.

A chill after bathing, cooling off suddenly after exercise and drafts, give the cold germs a foot-hold that may lead to something worse. Safety requires early treatment. Keep Dr. King's New Discovery on hand. This pleasant balsam remedy relieves inflammation, soothes the cough and repairs the tissues. Better be safe than sorry. Break up the cold with Dr. King's New Discovery before it is too late. At your druggist, 50¢, \$1.00.

The newspapers were thoughtful enough not to print the time of the sailing of the fleet for European waters, so nobody knew anything about it but a few fellows at Washington and the German spies.

FOR SALE

A good 6-year-old gelding. Good driver, perfectly gentle, not afraid of anything. Will stand without hitching. Can be bought at a bargain.

E. M. WHEELER,
(22-tf) Eighth and Main, Paris, Ky.

FOR SALE

Overland Automobile, 1916 model, self-starter, electric lights, etc. Only been run 2,200 miles. In good condition. Will sell at a bargain for cash. For further information, apply to

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Jennie James has gone to Lexington to spend the summer with her sister, Mrs. Barnett.

—Mrs. B. F. Tully has returned from a visit to her sister, Mrs. C. A. Houston, in Lexington.

—Miss Nell Whaley has returned from a visit to her sister, Mrs. W. Hoffman Wood, in Mt. Sterling.

—Mr. and Mrs. F. E. Faulconer have as guests Misses Marie Faulner and Leah Powers, of Ashland, Ky.

—Dr. S. P. Mohney attended the sessions of the State Chiropractic Convention held in Maysville yesterday.

—Miss Lena Jones has returned to her home in Winchester after a visit to Miss Elizabeth Tarr, near Paris.

—Mrs. Jas. H. Porter has returned to her home in Louisville, after a visit to friends and relatives in Paris and Carlisle.

—Misses Macie and Lillian Collins, of Louisville, are guests of their aunt, Mrs. Thomas Helm Clay, on Eighth street.

—Mr. and Mrs. Robert P. Walsh and children were guests of friends and relatives in Mt. Sterling several days last week.

—Miss Tillie Quisenberry has returned to her home in Winchester after a visit to the family of Mr. William Rion, in this city.

—Miss Anna McMahan and Mr. Robert George have returned to their homes in Carlisle after a visit to Miss Mary McMahan, in this city.

—Prof. Maurice Clark White, of the P. H. S. faculty, will leave this week for his old home in Centralia, Mo., to spend the summer vacation.

—Mr. Morris Fisher, who has been a guest of Mr. and Mrs. C. S. Goldstein and family, in this city, has returned to his home in Huntington, W. Va.

—Dr. and Mrs. Elbridge Snapp, have returned from their bridal trip. They have taken rooms at the home of Dr. and Mrs. H. M. Hamilton, on Mt. Airy avenue.

—Misses Anna Belle Hall, of Maysville, and Martha Tharpe, of Mt. Sterling, are guests of Miss Anna Louise White, at her home on the Lexington pike, near Paris.

—Mr. and Mrs. Herndon Waller, who have recently returned from their bridal tour, have taken rooms at the home of Mr. and Mrs. Harry Stampler, on South Main street.

—Mr. Henry A. Power, president of the Power Grocery Co., of this city, has returned from Chicago, where he attended the sessions of the National Wholesale Grocers' Association.

—Mr. and Mrs. Thomas McDonald and Mr. Wallace Clark returned yesterday from Crab Orchard Springs, where they attended the big Masonic barbecue held at that place Saturday.

—Mrs. Bruce Cameron, Mrs. Clark, Miss Julia Clark, Mrs. S. E. McClanahan and Miss Ethel Freeman, of this city, attended the sessions of the Schools of Methods, held in Lexington, last week.

—Mr. J. J. Veatch, District Manager of the Central Home Telephone Co., and daughter, Mrs. Irene Isaacs, were guests several days the past week of Mr. and Mrs. C. B. Choate, in Shelby county.

—Dr. Oberdorfer and daughter, Miss Rosalie, have returned from a visit to relatives in Henderson. While away Dr. Oberdorfer attended the meeting of the State Pharmaceutical Association, in Louisville.

—Mrs. J. B. Barton's guests, Mrs. A. J. Ryan, of Cincinnati, Mrs. J. G. Longcross, of Milwaukee, Wis., and Miss Irene McGary, of Chicago, have returned to their homes after a very pleasant visit with their hostess.

—Miss Julia Wood underwent a minor surgical operation at the Masonic Memorial Hospital, in this city, Saturday, and is getting along very nicely. Mr. Roger Wood has returned from St. Joseph Hospital, in Lexington, where he was operated on last Thursday.

—Invitations have been issued to attend the big Annual Summer Dance, which will be given in the Masonic Temple, in Paris, on the evening of Thursday, July 5. The hours will be from nine to four. Music for the dances will be furnished by Smith's Saxophone Quartet.

—Mrs. Fayette Ardery entertained at cards at her home on Houston Avenue, Friday afternoon in honor of her mother, Mrs. Bessie Finnell and her sisters, Misses Finnell, all of Georgetown. A number of guests enjoyed the hospitality of the afternoon.

—Miss Luella Wiles, a member of the 1917 graduating class of the Paris High School, will attend the Ohio State University at Columbus, Ohio, next season. Miss Wiles will leave the last of the week for Columbus to spend the summer vacation with her parents, Mr. and Mrs. C. B. Wiles.

—Mr. William E. Simms, formerly of Paris, was a guest of his sister, Miss Lucy Simms, on Second street, several days last week. Mrs. Simms has been in New York, where her brother, Mr. Kenneth Alexander, had been visiting a few days before sailing for France, where he will become a member of the Allies' ambulance service. Mr. Alexander sailed from New York, Saturday.

—We are in the market for your wool. Get your sacks at the Independent Tobacco Warehouse.

RED CROSS "CHAIN LETTERS" NOT SANCTIONED.

Officials of the Bourbon County Red Cross Society have received a letter from Mr. Elliott Wadsworth, Acting Chairman of the American Red Cross Society, warning them against an alleged "Red Cross Chain Letter" system which is being worked in some parts of the country. The letter follows:

"Washington, D. C., 7/19/17.
To All Red Cross Chapters:

"Numerous 'endless chain' letters have been brought to the attention of the Red Cross, many of them for causes worthy in themselves, but conducted by unrecognized individuals. Nothing of this sort has ever been authorized by the Red Cross, and this is to inform you that all such methods of raising money for the Red Cross work are without the countenance or counsel of the National headquarters. We do not want the people annoyed in that way."

—ELLIOTT WADSWORTH,
"Acting Chairman Red Cross Society of America."

DEMAND FOR LABOR.

There has never been a greater demand for farm labor in Bourbon county than at present. Many colored men have gone to Ohio and Indiana, causing a great shortage in this section. Every man who will work now has a good job at fairly good wages, and ought to be contented.

All lines of trade are busy, the building contractors especially reporting work in their line booming since the good weather set in. Construction work on numerous residences, the Kress building, the new Presbyterian church, and other buildings, which has been hampered and delayed somewhat by the uncertain weather of the past few days, is going forward with a vim, and giving employment to a large number of workmen.

SOUR STOMACH.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

(adv-June)

NEW REGULATIONS FOR "C. O. D." PACKAGES.

Notice of a change in the regulations governing "C. O. D." packages has been received by Postmaster J. Walter Payne. After July 1, when a sum not exceeding \$50 is to be collected and remitted, the fee will be ten cents. This fee will also insure the parcel against injury or loss, in an amount equivalent to its value, not to exceed \$50. The fee for packages valued at \$50 to \$100 will be twenty-five cents. This fee also insures the parcel against injury or loss in an amount equivalent to its actual value, not to exceed \$100. Domestic rates of postage to the Dominican Republic have also been agreed upon.

—WASHINGTON, June 21.—Since the beginning of the war with Germany, 56,248 men have enlisted in the navy. The total now is 120,923, recruiting Tuesday and Wednesday bringing a net

"BUSINESS AS USUAL."

Considerable thought probably has been given by every business man in the United States to possible effects to business as a whole and individually to his own, resulting from present conditions, and future conditions, which are the result of the world-wide conflict.

To accept the condition as one which allows business inactivity on the part of each man is to invite and acknowledge disaster. The successful man accepts only the best side of conditions. He is active—we have heard of the "psychological effect." Get busy!

This is not the time to waste; this is the time to make your initiative. Every shot must hit the mark. This is the time when returns must be obtained. The man who does not accept defeat is the man who conducts his business at the present time and through present and coming conditions with an aggressiveness that will bring results and accomplish the purpose for which he is working.

The present war has been called an industrial war. This would indicate that the pressure and demand for efficiency is greater now and will be in the future than in the past. To meet the situation must mean that the utmost energy must be given to all kinds of business.

Prepare to handle your share, as your share will be in proportion to your energy and activity. Let's "Business As Usual."

STUNG AGAIN.

Doubtless that's the expression many merchants of Paris are using who invested their coin on a four by five directory gotten out by a Lexington concern, purporting to be a complete directory of Paris and other places. The alleged directory is mainly an advertisement for Lexington, and the space occupied for Paris and Bourbon county is comparatively insignificant.

The "directory" gives one barber shop; one newspaper; one attorney; one furniture concern; one funeral director (colored); one dentist; one automobile firm; one department store; one printing establishment; one veterinarian; three physicians; one transfer company, and a few other scattering lines of business! And this is a directory for a town of over seven thousand people. There's most anything in a name, it seems, if this little pamphlet can be called a directory!

It seems that Paris people will never learn not to go up against one of these things. Some time ago a representative of one of the largest directory publishing firms in the United States was in Paris, sounding the people on the prospects of getting out a real complete directory of the latest approved kind, for the city. Nothing more has been heard from the firm, but it is probable that the work will be undertaken soon. These people propose to publish a directory complete in every respect. But as long as Paris merchants continue to sink their money in these little fly-by-night concerns, they ought not to complain if they are stung. This "directory" even failed to give the name of Judge E. B. January, Police Judge of Paris, in the list of city officials. Other branches of the city government were also ignored. And that is called a "directory." Perish the thought!

PROF. PROCTOR LOCATES IN MAYSVILLE.

Prof. E. T. Proctor, principal of the Paris High School, is now located in Maysville, as special agent for the Northwestern Life Insurance Co., of which Mr. R. F. Clendenin, of Paris, is District Associate Manager. Under the head of "Welcome To Maysville," the Maysville Bulletin says:

"Mr. E. T. Proctor, special agent of the Northwestern Life Insurance Company, has located here and has offices in the First-Standard Bank building. Mr. Proctor comes from Paris and is a most progressive young business man who expects to write many policies in his company here and hereabouts. He and his estimable wife are most welcome to Maysville."

WOMEN TRAMPERS ON HIKE.

Tanned from exposure to sun and wind, and covered with dust, but proud and happy in their novel experiences, Misses Sarah and Florence Reardon and Mabel Mitchell, of Cincinnati, who are spending their vacations on a tramping tour, hiked into Paris Sunday night, and registered at the Windsor Hotel.

The ladies came to Paris from Lexington, stopping at the historic Bryant's Station spring, made famous in Revolutionary times, and of which they said they had heard so much. They were in fine spirits and seemed to be enjoying their novel trip to the very utmost. They were "traveling light," and when they were not able to make a town in time for refreshments, rustled their own meals, and had a good time generally, regardless of consequences. From the time they left Cincinnati, coming through Central Kentucky, they had not one unpleasant experience, and found that Kentucky hospitality had not suffered any by the laps of time or circumstances. They were often entertained at farmhouses on the way, where every attention was shown them, and started on their way to the next place with a hearty "God bless you, and good luck to you."

The young ladies left yesterday morning for Millersburg, Carlisle, Blue Licks and Maysville. From Maysville they will go down the country bordering on the C. & O., and will stop at all towns en route. They are not advertising anything, have nothing to sell, no schemes of any kind, but just out for a vacation out of the ordinary. To tell the truth the girls look amply to take care of themselves in almost any kind of an emergency.

It won't be long now until those hot days will be here and we can point to her on the street and say: "She is the prettiest thing the sun shines through."

Just now it looks as though the brave boy volunteer has put the sweet girl graduate out of the running.

CONGRESSMAN CANTRILL ADDRESSES RED CROSS MEETING.

Congressman J. Campbell Cantrill, of Georgetown, addressed a large audience at the court house, in this city at three o'clock Sunday afternoon, on matters relating to Red Cross work.

The speaker was introduced by Hon. E. M. Dickson of Paris, who presided. Mr. Cantrill delivered one of his characteristic eloquent and forceful addresses, in which he eulogized the Red Cross Society, its National, State and local work and workers, and paid a glowing tribute to the quality of young womanhood enlisted in the work of the local chapter.

There was no music or special demonstration of any kind, save the frequent applause that interrupted the speaker when he made some telling point in the address and especially when he urged the importance of contributing liberally to the Red Cross Chapter.

At the close of the address a free will offering of \$300 was added to the amount already raised for Bourbon's contribution to the National Fund.

Although the campaign closed nominally in the city and county on Saturday night, it will really be extended through this week. The ladies of the Chapter will be ready to receive contributions to the fund in any amount. They will prosecute the campaign with the same vigor and energy they displayed last week

NOTED CARTOONIST GUEST IN PARIS.

Paris has been entertaining a noted cartoonist for several days in the person of Mr. Carl Schultz, of New York, originator of the "Foxy Grandpa" cartoons that caught the risibilities of the American people through the daily papers some years ago.

Mr. Schultz had been visiting friends in the Bluegrass, and came over to Paris for a visit to Mr. W. R. Blakemore, of the firm of Mitchell & Blakemore, who was an old acquaintance.

Mr. Schultz' father, Prof. Schultz, will be remembered as having been a resident of Paris many years ago. He was an accomplished musician, and had large classes of pupils in instrumental music. Mr. Schultz, Sr., was fond of outdoor life and spent some time on the farm of Mr.

Thomas Henry Clay, near Stony Point.

A few days ago, Mr. Schultz, who had been accustomed to early rising, went down Pleasant street for an early morning walk, which took him past the handsome home of Mr. Clay. As he passed along the street in front of the home, Mr. Schultz' attention was attracted to an elderly gentleman industriously engaged in mending a landscape gardener, Mr. Schultz engaged him in conversation, and incidentally told his name and of his visit here. To his great surprise Mr. Schultz found he had been talking to Mr. Clay, who had been one of his father's warmest old-time friends during his residence here. Explanations followed, and the gentleman spent several hours exchanging reminiscences of the Paris of long ago.

THE NEW LABOR BUREAU

In establishing the new Labor Bureau as a part of their campaign the Bourbon County Business Men's League has supplied a "long felt want." The new office has been made a part of the agricultural and labor division of the Board of Directors.

The office has been placed in charge of Mr. John M. Clay, an experienced farmer, who can be found during business hours in the Anderson building, adjoining the newly-erected business house near the Paris Grand Opera House.

As stated before, the purpose of the new bureau is to supply work hands to farmers and in attending to other needs of the farming elements of the county. The farmers are required to notify Mr. Clay when they are through with the services of an employee, in order that he may be secured for another job at once. The office has been fitted up with all the furniture necessary for the work, and telephones have been installed, by which the farmers will be enabled to keep in communication at all times with Mr. Clay.

When in need of laborers call Mr. Clay over either phone 553, and he will give your request prompt and careful attention.

PARIS YOUTH HURT IN AUTO WRECK.

A machine driven by a Cincinnati attorney named Dawson crashed into a car in which Mr. and Mrs. Charles P. Bales and their son, Mr. Preston Bales, all of Paris, were riding near Cincinnati, last Friday afternoon. The force of the collision threw the occupants out, but all luckily escaped injury except Mr. Preston Bales, who sustained cuts and bruises on the leg. The Bales machine was considerably damaged and was left in a Cincinnati auto hospital for repairs, while the party returned to Paris via train.

This is a very appropriate time to call yourself to one side or even down in an alley and quietly say to yourself: "How can I do my bit?"

TRIBUTE TO BOURBON BRIDE.

Saturday's Courier-Journal publishes a half-tone of Mrs. Richard Herndon Waller, formerly Miss Frances Ford, of Georgetown, whose marriage to Mr. Richard Herndon Waller, of the Bourbon County Y. M. C. A., was a society event of this month in her home town, Georgetown. The Courier-Journal accompanies the picture with the following comment:

"Mrs. Richard Herndon Waller, formerly Miss Frances Mary Ford, is the daughter of Mrs. Dewees Williams, of Georgetown. Her husband, who taught in the Paris schools during the recent school term, is a son of Mr. and Mrs. Bailey Waller, of Hopkinsville. The wedding of Mr. and Mrs. Waller, which took place recently in the Christian church in Georgetown, was one of the most brilliant in the history of Georgetown. The bride is an accomplished vocalist. Her husband was graduated from the Georgetown College."

B-4 FIRE Insure with W.O. HINTON & SON, AGTS

3,000 HOMES BURNED IN FIRE IN JAPAN.

Shut in on all sides by mountains, the city of Yonezawa, one of the most important centers in Japan for weaving silken fabrics, is scarcely more than a pile of ruins as a result of a fire which wiped out nearly two-thirds of the community. Over 3,000 buildings and houses were destroyed.

Fire, wind and lightning insurance.

Thomas, Woodford & Ryan

TOBACCO MEN TO MEET

Tobacco men from all parts of the United States and some from Europe representing governments that have made large purchases in this country since the beginning of the war, will attend a convention in Old Point Comfort, Va., Thursday, Friday and Saturday, June 28, 29 and 30.

The conference is being held as the fifteenth annual convention of the Tobacco Association of the United States. Several local men will probably attend.

It is probable that Bourbon county interests will be represented at the meeting by one or more local tobacco men.

NO INCREASE IN RATES.

Several Insurance Companies have raised their rates on account of the war—we haven't. Call on undersigned for further information.

2 W. A. THOMSON, Agent.

NEW CANDIDATES FOR CITY COUNCILMEN.

In to-day's issue of THE NEWS under the head of announcements will be found the announcements of the following gentlemen as candidates for Councilmen: W. T. Brooks, from the First Ward; J. J. Veatch and S. Kenney Nichols from the Second Ward, and George Doyle from the Third Ward.

All are too well-known to need more than a formal reference through the medium of the press. Dr. Brooks, who has been a member of the Council for two terms, is a prominent druggist; Mr. Nichols is one of the best-known farmers and turfmen in the county, and a good business man, with it; Mr. Veatch, as nearly everyone knows, is District Manager of the Central Home Telephone Co., a man of splendid business training; Mr. Doyle is bookkeeper in the employ of the Peoples Deposit Bank, a position he has held for many years, and one in which he has displayed remarkable business attainments.

ATTENTION, SCHOOL BOYS.

Farm labor is in demand in Bourbon county. The farmers want young men to assist in the coming wheat harvest. All young men who want such positions may get same by calling at the Farmers' Labor Bureau, or calling phones 552 or leaving their names with Secretary John Clay.

TAKES NEW POSITION.

John A. (Dugan) Hennessey, who has been connected with the John Meringer plumbing establishment for some time, has resigned his position there and has accepted a position with the Redmon Motor Car Co. Hennessey is an expert workman, and will make a valuable addition to the Chevrolet forces.

"A-SWIMMIN' THEY'LL GO."

Through the generous and considerate offices of the Board of Directors of the Bourbon County Y. M. C. A., the use of the big swimming pool in the institution has been tendered to the young women composing the Girls' Honor Guard of Paris. Classes in swimming will begin the second week in July.

COUNTY SUPERINTENDENTS' EXAMINATIONS JUNE 29.

Examinations for special certificates will be held in Frankfort, June 29 and 30.

Applicants for teachers' State certificates stood an examination in the Department of Superintendent of Public Instruction Gilbert. Sixteen applicants took the examination.

RED CROSS BENEFIT BY CATHOLIC LADIES.

The members of the Ladies' Catholic League of the Catholic Church will give a musical entertainment at the Club room on High street, on next Thursday evening, June 28, at eight o'clock, for the benefit of the Bourbon County Red Cross Society. No admission fee will be charged, but a free will offering will be taken.

J. O. U. A. M. MEETING.

The regular meeting of the Bourbon Council Junior Order of United American Mechanics will be held at their lodge room to-night. Important business will be transacted. This will also be the regular annual election of officers. For these reasons it is urged that every member be present to-night at the lodge room.

A LOOPHOLE LEFT.

Men who did not register June 5 under the selective draft act because of oversight, lack of information or misunderstanding will not be prosecuted if they register voluntarily, but recalcitrant and willful disobedience of the law is to be punished in trial by Federal authorities and then forced registration, according to Provost Marshal General Crowder, of the War Department.

NO FIREWORKS BEFORE THE FOURTH.

Deputy State Fire Marshal John Feeney, of Frankfort, has served notice on the Mayors of Kentucky cities that the State law governing the safe and discharge of fireworks on or before the Fourth of July provides that neither blank cartridges, toy pistols, sky rockets, Roman candles, pinwheels, spit devils, sparklers, nor any similar fireworks shall be offered for sale or discharged before the holiday. Other devices in which chlorate of potash and sulphur are used for discharging or exploding the same are also prohibited, as is the sending up of balloons before the Fourth.

ANOTHER CONSPIRACY?

It has come at last. Evidences of a German conspiracy have been discovered in Paris.

A large number of Paris people in the early stages of the agitation, to show their patriotism, decorated their windows with the National flag, whose waving folds formed a most effective display. To their consternation the red in the stripes of many of these flags, which were lithographed representations of "Old Glory" had faded completely out under the magnetic drawing powers of the sun, and in their place appeared broad yellow stripes. The dyes used in making the red in the lithographs were evidently unreliable. The patriotic owners could not stand for the assumption of there being a yellow streak in the American flag, and the ornaments were promptly consigned to the waste heap.

SOCIAL AND PERSONAL.
Comings and Goings of Our People Here, There and Elsewhere.

Mr. Maurice Clark, is the guest of friends in Winchester.

Mr. Harold Johnson, of Columbus, O., is the guest of relatives here.

Mr. and Mrs. Wm. O. Hinton have returned from a short visit to Louisville.

Misses Mary Clay and Sallie Lockheart are in Connecticut on a pleasure trip.

Miss Bess Smith, of Lexington, is the guest of Miss Hazel Arnold, on High street.

Mrs. Lucy Montague, of Louisville, is a guest of friends and relatives in this city.

Mrs. Sidney Ardery, Jr., has returned from a visit to relatives in South Charleston, Ohio.

Miss Nell Turner, of Lexington, and Mrs. Mary E. Honey, are guests of Mrs. Charles Whaley.

Miss Genevieve McCarthy, of Richmond, is a guest of the Misses Rourke, on Nineteenth street.

Miss Ella Loomis, of Cynthiana, was a guest of Miss Willie McNamara, from Saturday to Monday.

Mrs. W. W. Judy and son, I. J. Judy, Jr., have returned from an extended visit to relatives in Wichita, Kansas.

Mrs. L. M. Tribble and Mrs. Sam Houston returned Saturday from an extended stay at Carlsbad Springs, Dry Ridge.

Miss Sue Jordan has returned from an extended stay at the Carlsbad Springs Hotel, at Dry Ridge, in Grant county.

Mrs. Frank C. Bell, who has been a guest of Mrs. Annie Elgin, on Seventh street, has returned to her home in Lexington.

Miss Nannie Brent O'Neill has returned from a visit to her brother, Mr. Wm. O'Neill, and Mrs. O'Neill, in Dayton, Ohio.

Mrs. Lawrence Butler, of Chicago, is the charming guest of Mr. and Mrs. Julian Frank at their country home near Paris.

Mrs. Oliver Mann and Miss Elsie Funke, of Hyde Park, Cincinnati, are guests of Mr. and Mrs. C. N. Martin, on South High street.

The Olympian Springs Co. are arranging for a big dance at the Springs on July 3. Quite a number of young folks from here will attend.

Dr. Clara B. Matthews, who was in Paris for several years as an oculist, and now residing in Oleum, California, is a guest of friends in this city, for an extended visit.

Miss Sarah Jones, who has been a guest of her parents, Squire and Mrs. John J. Redmon, near Paris, has returned to her home in Mt. Sterling.

Mrs. A. P. Bryan has returned from a short visit to her daughter, Mrs. H. S. Redmon, in Frankfort, accompanied by her grandson, Ryan Redmon.

Mrs. William Swearengen and two children arrived Sunday from Chicago to spend the remainder of the summer with her father, Mr. George R. Davis.

David and Marie Andrews will arrive this week from Pittsburg, Pa., for a visit to their grandparents, Mr. and Mrs. D. C. Parrish. Another brother, Billie Andrews, has been here several days.

"UNLOADED GUN" CLAIMS ANOTHER VICTIM.

While playing with a Savage automatic revolver at the home of Alonzo Brown, in Claysville, Sunday night, John Hall, colored, an employee of the Paris Ice Manufacturing Co., was killed by the accidental discharge of the revolver, which he was trying to wrest from Brown's hands.

Brown was sitting on the porch of his home in Claysville when Hall came over and asked to look at the revolver, which he was carrying in his hands. In examining the gun Brown removed the magazine, but one cartridge still remained in the chamber. Not knowing this the men engaged in a friendly scuffle. The revolver was accidentally discharged, the bullet striking Hall in the face near the nose and ranging upward through the brain. Death was instantaneous.

Brown came to Paris and surrendered to Chief of Police Link, detailing the circumstances. Coroner Davis was notified. An inquest was held at the court house yesterday afternoon at two o'clock. Six eye witnesses of the shooting were examined all testifying to the accidental character of the affair. After hearing the evidence, the jury, composed of H. M. Collins, foreman, F. P. Lowry, George R. Beatty, John Chisholm, Albert Mitchell and Forrest Thomas, returned a verdict exonerating Brown, who was released from custody.

MEN FOR ARMY MUST BE SOUND

The men who registered for draft will be minutely examined for tubercular tendencies and none accepted for military duty who show them.

The sad experience of France, which did not give sufficient attention to the problem before the war, and now has a large part of her armies invalidated by consumption, has taught our army officials that they can not be too careful in examinations for the disease, which the stress and develop.

The State Tuberculosis Commission at Frankfort, is co-operating with the Government surgeons in procuring the most competent doctors to aid in the examinations.

THE FAIR

FRIDAY AND SATURDAY, AS USUALLY BARGAIN DAYS.

PLANT CORN.

The most effective way to remedy the probable shortage in the wheat crop is to plant corn; says the United States Department of Agriculture.

Ordinarily the amount of corn produced in the United States is from three to four times the quantity of wheat, but only a small portion of the crop, from 5 to 10 per cent, has been used for human food. This amount may be estimated in normal times at about 200,000,000 bushels a year. Not over 5 per cent has been exported in peace times. A relatively slight increase in the corn acreage, therefore, will place many millions of bushels more of human food at the disposal of the world without interfering in any way with the feed needed for the support of live stock.

In the past, with an abundance of grain or other kinds, corn has not been in great demand for human consumption. But with other grains no longer abundant, circumstance will compel the more general recognition of the value of corn as human food. The Department is urging strongly the wider use of corn in the diet. It is the best substitute for wheat that we have and can be utilized in breads, mushes and a variety of other ways. We should make every effort to avail ourselves of it.

"Plant corn," then should be the motto of every farmer in a section suited to the crop.

Who'd have thought a year ago that the Czar of Russia would be even now turning to the "Help Wanted" column in his daily paper.

CROP REPORT. JUNE FIRST

For Kentucky—Issued by the State Department of Agriculture

The weather has been unusually cool throughout the entire month of May, which retarded the growth of all vegetation. Report from over forty counties gave the weather as cool and dry, with the drought broken the latter part of the month by copious rains. Twenty or more counties have reported excessively cool and wet weather.

A large increase in the acreage of corn is reported from all parts of the State. Replanting has been necessary in much of the early planted corn. The acreage of the entire State is placed at 111 per cent, and a fraction, almost 112 per cent, of a normal crop. Condition 85 per cent.

A poor wheat yield is expected. Condition of same is given at 64 per cent. Such a poor stand of wheat in some localities has caused part of this crop to be plowed up and planted to corn and other crops. Rye is better and shows a condition of 79 per cent, running from minimum of 40 per cent to one hundred maximum. Barley shows a condition of 72 per cent. The acreage of oats is 85 per cent, while the condition shows 74 per cent.

Tobacco plants in the beds have not done well and some of the acreage planned has been abandoned and put to other crops. The May 1st acreage for Burley tobacco was estimated at 96 per cent, as compared with an estimated acreage as of June 1st of 89 per cent, while the condition of the plants is 78 per cent.

Only 25 per cent of the crop is set. Dark burley acreage of May 1st was estimated at 92 per cent, as compared with the June 1st acreage of 87 per cent. The condition of plants shows at 84 per cent, and 55 per cent of the crop is set.

Reports show more interest is being taken in sorghum cane than usual, as well as buckwheat. A great many farmers are planting soy beans and cow peas. Soy bean acreage is given at 108 per cent, cow peas as 89 per cent, and condition of 87, and the navy bean acreage is estimated at 111 per cent. The condition of alfalfa is 84 per cent, orchard grass 80 per cent, and clover 74 per cent. Pastures are reported short, but improving since the late rains.

Hemp acreage is 114 per cent, and condition 80 per cent.

Live stock is in a generally good condition and estimated at 92 per cent; poultry at 95. Fruits show as follows:

Strawberries, 90 per cent.
Blackberries, 90 per cent.
Pears, 67 per cent.
Plums, 73 per cent.
Peaches, 66 per cent.
Grapes, 84 per cent.

Reports from all quarters give a large increase in garden production planted. The acreage is estimated at 121 per cent, and condition at 87 per cent. The potato crop shows a heavy increase in acreage, which is

given at 113 per cent, and condition at 93 per cent.

A summary of conditions shows that everyone is interested in the production of more food and feed crops, but seasonable weather is greatly needed for good results from such efforts. Kentucky has suffered materially from heavy storm damage.

The farmers generally seem to be awake to the situation confronting the Nation and are responding wholeheartedly in the matter of food and feed preparedness.

Some of the local conditions as reported from the various counties are as follows:

Hopkins County—Decreased tobacco acreage. Corn, vegetables and soy beans increased 50 per cent.

Henderson County—Increased acreage in soy beans. Large corn and potato crop.

Union County—Large acreage in potatoes, and looking good. More land than usual cultivated.

Bullitt County—Good stand of corn. Meadows short. More land in cultivation than ever known.

Grayson County—Drought broken by good rains.

Owen County—Tobacco crop decreased. Increase in navy beans and potatoes.

Kenton County—Large crops of corn and garden truck planted. Alfalfa fair. Fair acreage is soy beans and cow peas.

Grant County—Season late.

Mason County—Tobacco plants late and scarce.

Henry County—Fruits are in excellent condition, except pears and peaches. Big potato crop.

Gallatin County—Increase in corn, potatoes and beans.

Carroll County—Corn and potato acreage unusually large.

Jefferson County—Part of the wheat was so bad it was plowed up and planted to corn and oats.

Nelson County—Sweet clover acreage has been increased.

Knott County—Corn and potatoes are leading crops increased.

Pike County—More millet than ever before.

Carlisle County—Large acreage in tomatoes.

Fulton County—Pastures backward.

McCracken County—Reports 200 per cent sweet clover.

Ballard County—First cutting of alfalfa about ten days ago. Timothy and red top meadows looking fairly well.

Logan County—Hog cholera practically eliminated. Large acreage in alfalfa will be sown this fall.

Muhlenberg County—More corn and gardens being planted than usual.

Pulaski County—Heavy corn crop. Spring buckwheat 130 per cent, acreage, condition 90 per cent.

Laurel County—Pastures needing rain.

Taylor County—Potatoes doubled in acreage. Good acreage of corn.

McCreary County—Increased corn crop.

Adair County—Large corn and potato crop. Tobacco crop less.

Mohrue County—Large Irish potato crop.

Casey County—Blue grass is shorter than usual.

Cumberland County—Large corn crop.

Monroe County—Apples a failure. Pastures improving.

Lee County—Oats looks bad.

Large acreage of potatoes.

Whitley County—Large potato crop.

Jackson County—Driest spring in years, but drought broken May 28.

Clay County—Large corn and potato crops.

Letcher County—Large corn, potato and vegetable crop.

Harlan County—Increase in sorghum.

MAT. S. COHEN,
Commissioner of Agriculture.

GROUP, WHOOPING COUGH RELIEVED.

Children's diseases demand preparedness. When the child wakes you at night gasping and strangling for breath, how thankful you are to have Dr. Bell's Pine-Tar-Honey at hand. This effective remedy loosens the mucus and permits free and natural breathing. Its soothing balsams heal the irritated membrane and arrests further inflammation. Pleasant to take. Keep Dr. Bell's Pine-Tar-Honey in the house for all colds and bronchial troubles. At your druggist, 25c.

NEW YORK, June 21.—Twelve French aviators, all commissioned officers of the Flying Corps, and the majority wearing one or more decorations for distinguished service, have arrived here to serve as instructors in American flying corps now training for duty in France. All of the men are direct from the front, having received only four days' notice to sail for this country.

THE EVILS OF CONSTIPATION.

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pill. They give prompt relief, are mild, non-griping in action, add tone to your system and clear the complexion. At your druggist, 25c.

RECLAMATION FARMS.

There are many persons who wish to obtain farm land, especially now that food prices are high and there is a world wide shortage of food crops. Many of these persons are not acquainted with the methods of obtaining land from the government. One of the easiest ways to get farm land that is sure to be productive is to take a farm on a reclamation project. These may be had at present in seven different States and in areas of forty to eighty acres. The applicant pays for the water rights. Thus for example, on the Minidoka project in Idaho, thirty dollars an acre must be paid for water rights, so that taking up a claim there is equivalent to paying \$1,200 for a forty acre farm and agreeing to live upon it and cultivate it. Full information may be obtained by addressing the statistician, United States Reclamation Service, Washington, D. C.

State of Ohio, City of Toledo.

HEAT WAVE WITHERING GERMAN GRAIN CROPS.

Throughout Germany, according to report, all available grain crops are burning up as they did in 1915 in an unprecedented heat wave. The prolonged drought has not been broken since early in May. Berlin on Sunday experienced the hottest June 17 on record in the seventy years' existence of the weather bureau. Tropical temperatures were also reported everywhere west of the Oder River. News reports of horse races and other sporting events feature "the terrific, abnormal, scorching" heat. Many horses were scratched on the opening day of the Hamburg Derby week because the track, built on a marshy corner moor, was baked too hard for safety.

The weather bureau states that the prospects for rain or lower temperatures are very slight. The effect of the drought on grain crops around Berlin, where only eight millimeters of rain have fallen since May 1, is described by a neutral who arrived in Copenhagen recently as almost catastrophic.

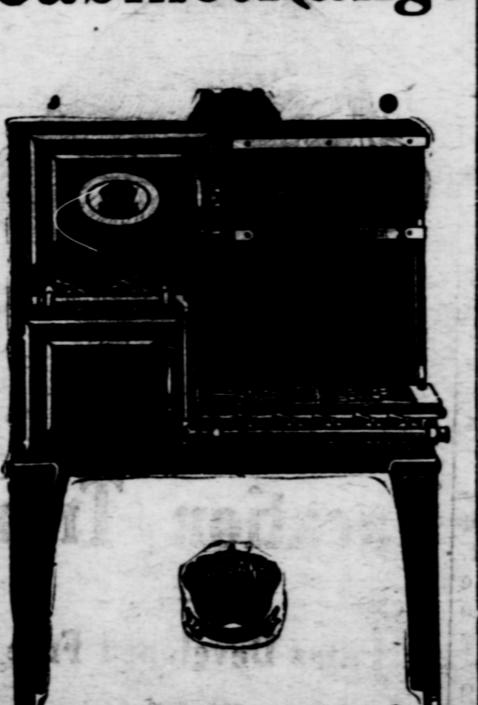

The Sunday sermon writer in the Berlin Kreuz Zeitung, who recently indulged in a most startling blending of religion and politics, declared on Sunday that the drought was sent as a punishment for the sins of the people for listening to the editors of irreligious newspapers, and asked how long it would be before this divine chastisement would bring the people to a sense of their iniquities.

Wonder if we'll ever get back to those good old days when Paris restaurants only cut a pie four ways.

SURPRISE SPECIAL No. 2

WONDERFUL STUFF! LIFT OUT YOUR CORNS.

Apply a Few Drops Then Lift Corns or Callous Off With Fingers. No Pain.

No humbug! Any corn, whether hard, soft or between toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out the corns or callouses, but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have Freezone have him order it for you. (adv)

SAN ANTONIO, TEX., June 21.—La Raza, a Carranza newspaper published here issued an extra containing a published telegram from El Universal, Mexico City, stating that France has offered to lend Mexico 20,000,000 pesos and that Mexico will take part in the war on the side of the Entente Allies. There is no official tone to the telegram.

FORT SHERIDAN, ILL., June 21.—German propaganda has entered the Officers' Reserve training camp here, in the opinion of officers of the regular army who are acting as instructors, and orders have been given that every effort should be made to ascertain the source of "baseless reports" concerning the risks taken by men who go to the front in France.

THE SUCCESS OF THE GINGHAM FROCKS

SMALL AND LARGE CHECKS AND FASCINATING PLAIDS HAVE COUNTLESS CHARMS.

THE SHIRTWAIST DRESS FOR SUMMER

NEW YORK, June 25, 1917
If you are bound for the country on a summer vacation, by all means let your trunk contain at least one, if not more, of the charming gingham frocks that everybody is interested in this summer.

From very early in the season there was much talk of these gingham dresses. Society wore them at Palm Beach in the early spring and, immediately, their success was assured. There is every kind of gingham to be had this summer, beginning with the small checks in white and colors, of which blue and white, and pink and white are perhaps the most charming. Then there are the larger checks, and the fascinating plaids in which several colors are introduced. Some of the pretty combinations are yellow, white and blue;

Oyster-white Linen Dress Trimmed With Embroidery

Green, red and white; and white, black and brown. There are also some brown and white, and blue and white plaids which are wonderfully attractive.

These frocks are smart for all sorts of occasions. They are not strictly for morning use, but they seem to fit in nicely for almost any informal summer affair. They are made up in such charming ways it is no wonder that women are so enthusiastic about them. On this first introduction the plaid and checked ginghams were almost always combined with plain gingham, usually in one of the colors of the plaid or check. The plain gingham was used either for piping and collar and cuffs or for making a portion of the dress in those "half-and-half" dresses which are so very popular. These combinations are still seen, but very often the plain gingham is now replaced by plain voile, and sometimes it is organdy that is combined with gingham, but this is mainly for the dainty collar and cuffs which go with these dresses.

Plain blue gingham combined with black and white is an unusual combination but has been attractively used with a touch of red cross-stitch embroidery on the black and white check, which is employed for trimming.

The Shirtwaist Dress

The shirtwaist dress is one of the newest novelties which has been received with much favor. These dresses are rather plain in effect. The waist is attached to the skirt, and the dress is buttoned down the center front from collar to hem. The large pearl buttons which are used really act in part as trimming. In striped tub silks with white pique collars for contrast, or with collars made of the same silk, these frocks are both practical and pretty. The skirts are pleated or gathered, and sometimes trimmed with deep tucks going around the lower part.

More elaborate, but made somewhat on the same order, are some dresses with waists of Georgette crepe and skirts of crepe de Chine matching in color. These are charming for afternoons developed in pale blue or pale pink.

Short Panels and Soft Draperies

While the straight one-piece frock continues to be the main theme of the designers at present, there are very pleasing variations which now

and again diverge from the beaten path. In the first sketch is a dress showing a short panel which breaks the straight lines in front. Patch pockets at the sides fulfill the same mission, while the box-pleats at the front and back of the skirt preserve the straight lines as far as possible. The panel is repeated in the back just as it is in the front. There are several frocks in which this hip-length panel appears. The model illustrated is for youthful figures. The dress is developed in oyster-white linen with heavy all-over embroidery in white forming the collar-shaped cuffs, and large square pockets.

Another departure from absolutely straight lines is shown in the second sketch. Here the material is cleverly draped at the sides, producing the narrowing effect at the ankles. No definite waistline is given this dress. The skirt section is attached at low waistline, but a closely arranged girdle holds the dress into the figure above the joining of the waist and skirt. Brown and white plaid gingham forms the greater part of this dress, and plain white gingham makes the sleeves and body section.

One of the Smart Gingham Frocks of the Summer

We are at liberty to do just as we please about waistlines this season. The long peplum blouses and the smart one-piece frocks which are still in vogue permit of a girdle being placed in almost any position. The peplum blouses are even more popular now than when they were first introduced. They are made in all sorts of materials, none is too sheer or too heavy for this style.

CHOLERA MOREUS.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyeart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

DOGWOOD.

If the United States were to choose a national flower it might well be the dogwood. At this time of the year from Maine and Minnesota to Florida and Texas, it lights up and beautifies the countryside with the abundance of its white blossoms. Even the most unobservant know it in the spring, and no one seems able to resist the temptation to break off the blossoming branches and carry them home. The result of this practice is that the dogwood is disappearing from many woodlands. This is the more regrettable, because, although it is generally too small for saw timber, its fine hard wood is used in making toothpicks and skewers, and its bark has a medicinal value.

TO FIGHT CONSUMPTION.

The two plans to fight consumption are the education of the children through the schools as a part of their course of study and the care and isolation of those who now have the disease.

Without the knowledge of how to safeguard health and to care for the afflicted, much of the teaching in schools is in vain. The Tuberculosis Commission believes that the rising generation should be taught the rules of health and that it should be made compulsory to include a health course in every public school.

PRICES IN EUROPE.

Statistics compiled by a European neutral show that since the beginning of the war prices in general have risen on the following basis: England, 34 per cent. France 50 to 55 per cent. Germany 76 per cent. The raise in Germany cuts the purchasing power of a given amount of money in half. The rise in price in each instance has been in spite of government regulation, which in some cases is very stringent.

WAR DEPARTMENT WANTS 70,000 MEN.

The cavalry, engineers, coast artillery, signal corps and quartermaster corps of the Regular Army have already been brought to war strength.

45,000 additional recruits are needed at once to complete the new regiments of infantry and field artillery.

25,000 additional recruits are desired at the earliest practicable date to fill vacancies in order that the war strength of 300,000 men may be maintained.

Facilities are in readiness for placing these 70,000 men under proper training.

Any delay in obtaining this number will necessarily cause the loss of invaluable time.

It is the earnest desire of the War Department that 70,000 single men between the ages of 18 and 40, who have no dependents and who are not engaged in professions, business, or trades vitally necessary to the prosecution of the war, be enlisted in the Regular Army before the 30 of June, 1917.

NEWTON D. BAKER,
Secretary of War.

THE WAR MAP.

It has been said that if the war were settled by a peace basis on today's war map, the Germans would gain immensely. A French authority takes exception to this view. He points out that if Germany were granted the territory she seized, she would hold Belgium, Serbia, Poland, the seven northern departments of France, and probably Montenegro—a total area of 390,400 square kilometers. The Allies, on the other hand, have taken from Germany, Togoland, Camerun, German Southwest Africa, German East Africa, the Bismarck Archipelago, the Caroline Islands, the German islands of the Samoa group, Kia Chao, and territory in Galicia, Bukowina and Armenia—a total area of 3,228,341 square kilometers, or ten times as much territory as Germany's seizures amount to. While the Frenchman is not in favor of any settlement on the war map basis, he holds that Germany could not afford such a settlement, because she cannot exist without colonies.

FOR YOUR SCRAP BOOK.

THE SOUTH WILL ANSWER.

American eagles are soaring high, as America draws the sword. And the grand old flag, that in battle's fray has never yet been lowered.

Has been raised again for the rights of men, enslaved by a selfish few.

And to

sleep to cover the pirate flag, and the seas of the pirate crew.

And we, the sons of the bravest ones who've fought on a battlefield, Who only fell when starvation's knell sounded and made them yield;

Yea, we, the sons of those stalwart ones, are ready to heed the call, And to pledge our vow to the OLD FLAG now, and to give it our lives—our ALL.

The South has broken the ashen crust and mingled it with her tears, She fought the flag that she now salutes for four long, bitter years, But there's no North nor South today for we've bridged the Great Divide.

And the sons of the men of Grant and Lee will be fighting side by side.

—Atlantic Constitution.

SHINEEN ENEMY OF TUBERCULOSIS GERMS.

Tuberculosis germs can not live long in sunshine or find much field for development in a well-nourished body kept scrupulously clean. This coupled with plenty of pure air, rest and cheerfulness have worked wonders, often in the cure and always in the relief of the disease. The gratifying results that have followed the study of consumption by eminent physicians and the suggested treatment have brought hope to many a victim who has almost despaired. A request of Dr. W. L. Heizer, Secretary of the State Tuberculosis Commission at Frankfort will bring a pamphlet giving this prescribed treatment to any one interested.

PARODY ON 'TIPPERARY' CHEERS KENTUCKY BOYS.

A catchy parody on "Tipperary," written for the Kentucky boys at Ft. Benjamin Harrison by Miss Lucile Brandon, of Louisville, has caught on instantly with the embryo officers to whose attention it has come. The poem follows:

Up to Indianapolis came the Southern troops one day; All the streets were lined with flags, and everything was gay—

Singing songs of Dixieland and fields of bluegrass rare, And this is what they wrote to Southern girls waiting there:

We're a long way from Kentucky It's a long way to go; It's a long way to Old Kentucky,

To the dearest girl I know.

Farewell, dear old Dixie,

Goodbye, bluegrass fair;

It's a long, long way to Old Kentucky—

But my heart's right there.

OPPORTUNITY!

Mr. R. F. Clendenin, Associate General Agent for the Northwestern Mutual Life Insurance Company, in one day recently, sold \$100,000 worth of life insurance over local and long distance lines of the Home Telephone Company and because of such an amount of business accumulated in one day, he divides the honors with us for the efficient telephone service rendered. This is a splendid record for both Telephone and Insurance Companies.

Mr. Clendenin says: "The service I get from your Company is all that I could ask, and on the closing day of my campaign I used it with wonderful success."

Such an opportunity in facilitating business should be grasped by the

phone in general in employing co-operation, efficiency and confidence.

MILLERSBURG

—Miss Dorothy Bonar is visiting relatives at Maysville.

—Mr. W. D. McIntyre has returned from a business trip to Washington, D. C.

—Miss Bernice Bonar has returned after a several weeks' visit to relatives at Falmouth.

—Rev. A. S. Venable, Jr., has gone to Virginia, where he has accepted charge of a Presbyterian church.

—Mrs. R. S. Saunders and little son, Irving Taylor, and Robert Stewart, of Georgia, are guests of friends here.

—Mr. and Mrs. R. C. Bonar and little son, and daughter, Mary Louise, and R. C. Bonar, Jr., and Mrs. F. F. Peterson were in Cincinnati, Friday.

—Mr. and Mrs. Letton Vimont, Mr. and Mrs. V. L. Barton, Messrs. James Ralls, John Marr, W. A. Butler and others, attended the Masonic picnic at Crab Orchard Springs, Saturday.

—Mrs. C. W. Howard and son, Mr. Thomas Howard, of Lexington, were guests of her sisters and brother, the Misses McIntyre, and Mr. W. D. McIntyre, from Saturday until Monday.

The regular meeting of the Red Cross Chapter will be held at three o'clock Friday afternoon, in the Y. W. C. A. rooms at the M. C. All members are urged to be present, as a business matter of importance will come up for consideration. (21)

—Mr. Julian Grosjean Allen, aged seventy-four years, died Saturday at 12:30 a. m., after a lingering illness of Bright's disease. Mr. Allen was one of our most popular and prominent citizens. At the time of his death he was President of the Farmers' Bank. Mr. Allen was born in September, 1843, and was the son of Mr. and Mrs. Sanford Allen, of Sharpsburg. He belongs to a family of bankers, his father having occupied the position as cashier in a bank at Harrodsburg prior to his death.

Mr. Allen received his first banking experience under his father. When quite a young man he was united in marriage to Miss Mary Miller, daughter of Mr. and Mrs. Mitchell Miller, of Millersburg, and for a short time resided here, again returning to Sharpsburg where he occupied a position in the bank with his father. In 1879 he returned to Millersburg with his wife and engaged in the dry goods business. In 1889 he took his son-in-law, Mr. O. W. Ingels, as partner in his business. In 1891 he sold his interest in the dry goods business of Ingels, Neal & Co., and on the death of Dr. A. G. Stitt was made Cashier of the Millersburg Deposit Bank, which position he held until 1900, at which time the charter of the Deposit Bank was allowed to expire and the Farmers' Bank was organized. About this time he became President of the Farmers' Bank, with his son, Mr. S. M. Allen, as cashier, which position he held until the time of his death.

In 1865 Mr. Allen, with Mr. J. G. Smedley, was made a Master Mason in Amity Lodge No. 49, F. and A. M., and was fifty years a Mason in February, 1915, at which time the lodge expected to celebrate the occasion, but was prevented from so doing by the critical illness of Mr. A. Smedley. He was a life-long member of the Baptist church and during the greater part of his long and useful life was a member of the official board. From the time of the organization of the Hurst Home Insurance Company, Mr. Allen has been one of its active members and a member of its Board of Directors. More than twenty years ago, while the company was yet new, he was made President, which office he held at the time of his death, having held the office through the administration of Mr. F. M. Hurst, F. F. Hurst and Mr. O. E. Hurst, as General Manager. He was one of the most progressive citizens that ever resided in Millersburg, always interested in the welfare of his town and community, and perhaps has done more than any one man in Central Kentucky to build up young men. There are several who now have considerable fortunes at their command who owe their success to Mr. Allen, he having come to their rescue in a time of need and at a time when he could render great service.

He took a great pride in his work and a number of our citizens are better off to-day by having associated with him in business. He was one of a family of business men, all of whom have made a pronounced success in life.

Other than his immediate family he is survived by five brothers, Brigadier-General Henry Allen, who will soon sail for France; Messrs. Frank and Jack Allen, connected with the bank at Sharpsburg; Thos. Allen, grocer, and Waller Allen, dry goods merchant, both of Sharpsburg; two sisters, Mesdames Jennie Craycraft, of Sharpsburg, and J. K. Nunnally, of Georgetown.

Mr. Allen's wife died in 1889, leaving him with five children, four daughters, Mesdames O. W. Ingels, Millersburg; L. R. Rogers, Paris; R. H. Dorian, Memphis, Tenn.; J. M. Alverson, Georgetown, and one son, Mr. S. M. Allen, Cashier of the Farmers' Bank, at Millersburg, with whom he resided. His happy life was also blessed with eight grandchildren. Messrs. Allen Ingels and J. G. Allen, Jr., of Millersburg; Harvey and J. G. Rogers, Paris; John Lasing Alverson and infant brother,

of Georgetown; Misses Margaret and Mary Bush Allen, of Millersburg.

Until the last few months Mr. Allen has been an active man, though it was known by himself and his family for the past two years that the dread disease which caused his death was working on him. He was regular in his habits, attentive to every charge imposed on him, true to his friends, loving, gentle and kind to his family. A few weeks ago he went into a decline, and was compelled to resign business, his health failing rapidly until the end.

His funeral took place Sunday afternoon from his late residence, with services conducted by Dr. M. B. Adams, President of Georgetown College, assisted by his pastor, Rev. R. C. Goldsmith. The service was beautiful and impressive, though simple, and the attendance was the largest ever seen at funeral here. Mr. Allen had many friends everywhere, and all the surrounding towns were represented. The floral tributes were appropriate and beautiful. The body was laid to rest by the side of his wife in the Millersburg Cemetery. His four brothers, Messrs. Frank, Jack, Thomas and Waller Allen, of Sharpsburg, and two cousins, G. S. Allen, of Millersburg, and S. R. Allen, of Winchester, were pall-bearers. The honorary pall-bearers were: A. C. Ball, R. L. Tarr, S. C. Carpenter, O. M. Johnson, O. E. Hurst, Col. C. M. Best, J. G. Blair and Clifton Dalzell.

—Mrs. Turner is survived by her husband, Mason Turner, and one daughter, aged six years.

The burial took place in the Paris cemetery yesterday afternoon, at three o'clock, with services conducted at the grave by Rev. Dr. O. R. Mangum, pastor of the Paris Baptist church.

DEATHS.

TURNER.

—Mrs. Fannie J. Turner, aged twenty-six, died at her home on West street, Sunday afternoon at two o'clock, after a lingering illness of tuberculosis.

Mrs. Turner is survived by her husband, Mason Turner, and one daughter, aged six years.

The burial took place in the Paris cemetery yesterday afternoon, at three o'clock, with services conducted at the grave by Rev. Dr. O. R. Mangum, pastor of the Paris Baptist church.

TALBOTT.

—The funeral of Mrs. W. H. Talbott, who died at her home in Winchester, Friday night, was held Sunday afternoon, at three o'clock, with services conducted at the grave in the Winchester cemetery, by Mr. Newton L. Shropshire, assisted by Revs. J. H. McNeill and H. C. Shoulders.

Mrs. Talbott was before her marriage Miss Pattie D. Scott. She was married to Mr. Talbott on November 20, 1866. They recently celebrated their golden wedding anniversary.

She is survived, besides her husband, by four children, Mrs. Lulie Mae Butler, Mrs. Howard J. Brazleton, Miss Hettie Talbott and Mr. Stanley Talbott; one brother, Mr. R. B. Scott, of Winchester, and one half-sister, Mrs. George C. Thompson, Sr., of Paris. Mrs. Thompson attended the funeral and burial yesterday.

MITCHELL.

—Mr. William H. Mitchell, aged eighty-one, died at ten o'clock yesterday morning at the home of his daughter, Mrs. Lawrence Vanhook, on Higgins avenue, after a lingering illness of the infirmities of age.

Mr. Mitchell was a son of Joseph W. and Rhoda Hyne Mitchell, and had been a resident of this county for many years. He was a native of the county, having been born near Paris on February 10, 1836.

Besides his daughter, Mrs. Lawrence Vanhook, of this city, he is survived by one brother, Mr. George Mitchell, of Millersburg, and three grandchildren.

The funeral will be held at the residence of Mrs. Vanhook, on Higgins avenue, at three o'clock this (Tuesday) afternoon, with services conducted by Rev. Dr. O. R. Mangum, pastor of the Paris Baptist church. The burial will follow on the family lot in the Paris Cemetery. The pall-bearers will be Russell Mitchell, Frank Mitchell, Edward Mitchell, Albert Mitchell, Amos Stamper and Dan Isgrigg.

BIRTHS.

Born, Sunday morning, to the wife of Mr. W. C. Cannon, of Vine Street, a daughter—first born. Mr. Cannon is a yardman in L. & N. yards.

To the wife of Mr. Luther Ewalt, at Lair, a daughter, christened Ruth Amanda. The parents, who formerly resided in Paris, are now living near Lair Station.

THINGS TO WORRY ABOUT

While the press of the country is being deluged with requests for the free insertion of matter relating to the navy, the army, and other phases of the present war situation, and the editors are supposed to be patriotic enough to give room for all of it, to the utter exclusion of everything else, the Senate is hard at work placing heavy taxes on the publishers' profits, and increasing the burden the press has already to bear in the way of postage.

It is all right to be patriotic, and we do not suppose there is a paper in the United States to-day that would not give all the publicity its space would stand to government affairs, but it does seem unreasonable to place this heavy tax upon their financial resources. The press of England made the first successes of the Allies possible, and the English papers continued loyal to the government. They were not unjustly made the burden-bearers of the taxation problems.

DOESN'T WANT SOLDIERS TO HAVE CIGARETS!

Whether American soldiers in France should depend on their French and English comrades for their cigarettes has caused a controversy between Red Cross workers and members of the Women's Christian Temperance Union, in Omaha, Neb. The latter are unalterably opposed to placing cigarette papers in comfort kits sent to private soldiers by the Red Cross.

But the sentiment seems about evenly divided. While the W. C. T. U. members have expressed themselves against sending the papers to the soldiers, leading women of Omaha have taken a stand with the Red Cross workers, saying that "it is utter foolishness to attempt to deny the men on the fighting field, and in wet, cold trenches the comfort of cigarettes." Consequently the Red Cross workers announced they would continue to send the "makin's" to the soldiers, regardless of "utterly foolish protests."

TAKE MEASURES AGAINST CORN PESTS.

Animal and insect pests of corn—prairie-dogs, ground-squirrels, gophers, blackbirds, crows, cutworms, earworms, wireworms, chinch-bugs, grasshoppers—soon will open their spring campaign of destruction. Many of these pests can be effectively combated, according to specialists in the U. S. Department of Agriculture, who describe measures that may be employed.

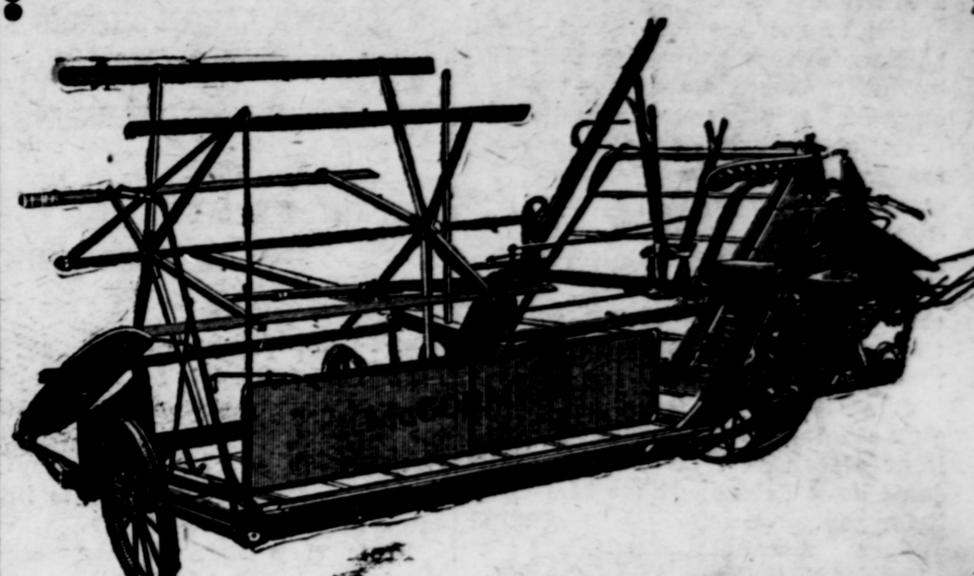

For cutworms, lumps of poisoned bait, made by mixing about 50 pounds of bran or corn meal with two pounds of Paris green, six finely chopped oranges or lemons, and cheap molasses to make a stiff dough, should be scattered along the corn rows at planting time or as soon as injury from the cutworms is noticed. Information as to these poison baits will be furnished on application to the Bureau of Entomology.

Treating the seed with coal tar will usually repel attacks of birds, and, in some cases, those of burrowing rodents. A teaspoonful of tar is enough for a peck of corn. Mix the tar with a quart of boiling water. After the mixture has cooled somewhat, but is still hot, stir in the corn until every grain is coated, and then spread it out to dry before planting. Corn may be immersed several minutes in moderately hot water without affecting germination. The tar treatment does not repel mice or ground squirrels.

Destruction of corn by ground squirrels, prairie-dogs, pocket gophers, or mice is best prevented by poisoning the animals a few days before the corn is planted. Strychnine is the best poison in all cases, but to obtain satisfactory results a special formula is needed for preparing the poison for each kind of animal. Such formulas have been worked out by the Bureau of Biological Survey and special instructions will be furnished upon application. Paris green and strychnine are poisons and should not be placed where children or domestic animals can get them. Yearbook Separate No. 708, "Destroying Rodents, Pests on the Farm" contains many formulas and may be had free until the limited edition is exhausted.

The death dealing cyclone struck Mattoon on Saturday and by Sunday the Red Cross angels of mercy were on the scene. You owe it to humanity, Mr. Paris Man, to give your dollar to the Paris Branch of the American Red Cross.

"There are more sharks this seasons than ever before," declares an exchange, and the people of Paris testify they are not all in the sea.

IMPROVED
McCORMICK
BINDER

THE GRAIN GROWER

will find the McCormick Improved Binder a machine that is simple in construction, easy to operate and that will successfully harvest grain under every condition, whether it be short or tall, even, tangled or full of undergrowth.

The large number of McCormick Binders in use all over the world is a sure sign of satisfaction.
